

## ABOUT RYAN

Ryan Meili is a family doctor, author of A Healthy Society, the founder of Upstream, community builder, and the MLA for Saskatoon Meewasin. For years, he has worked to build healthier communities across Saskatchewan and around the world. He is a passionate advocate for smart, fair, and forward-thinking policy rooted in an understanding that we all do better when everyone has a chance to succeed.

Ryan is driven by an unshakable optimism that together, we can build a better future, and an ability to inspire people from all walks of life to get involved in the work of building that future.

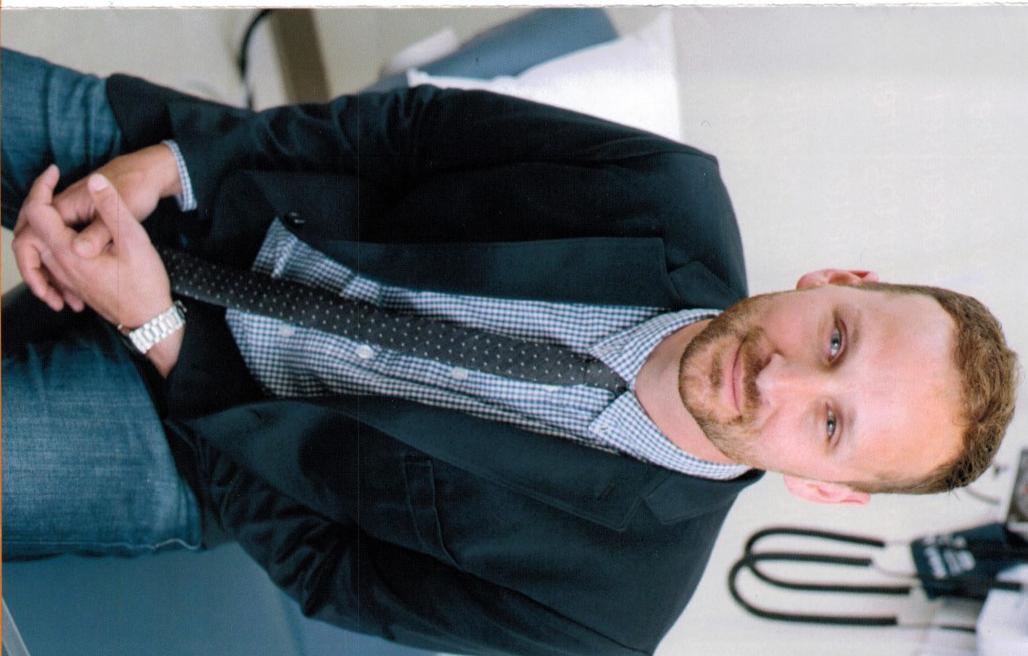

*"Ryan is the best choice for our party and our province."*

- Cathy Sproule, MLA Saskatoon Nutana

A recent Mainstreet/Postmedia poll listed Ryan as the most popular provincial politician in Saskatchewan, with 63% approval among those expressing a preference and solid support among women and men, seniors and youth, urban and rural. Ryan's strong reputation as a principled leader offers the NDP a unique opportunity to build a province-wide coalition for change.

This is our chance to move beyond opposition. Together, we can build a movement for change all across Saskatchewan.

**On March 3, vote Ryan Meili  
for Sask NDP leader.**

A NEW WAY OF DOING POLITICS

**2018**

*I'm running for leader of the Saskatchewan NDP because I believe that by working together, we can build a better Saskatchewan for all of us. With the right combination of smart ideas and solid values, we can win government and make a real difference in people's lives.*

*Ryan*

# A VISION FOR SASKATCHEWAN

**1**

## A Healthy Economy

Saskatchewan has enormous potential for wealth creation that benefits everyone. To reach that potential, we need to invest in the human and physical infrastructure that makes a thriving, diversified economy possible.

**5**

## Rural Reconnection

Our lives are connected, whether we're in the country or the city. In order to succeed, we need to recognize the contribution and the needs of rural communities.

**2**

## Investing Upstream

Government can and should think far beyond the next election cycle, and there's no wiser investment in our future than ensuring every kid gets a healthy start.

**3**

First Nations and Métis peoples are a fundamental strength of our province. There remain serious challenges to making Saskatchewan a place where people from all communities are able to thrive, however. We can and must do better.

**6**

## Energy Leadership

We have the most abundant sources of renewable energy in the country. It's time for Saskatchewan to take pride in leading the way as we develop the energy infrastructure of the 21st century.

**7**

## Deeper Democracy

Democratic is the middle of our party's name and should be the centre of all we do. Let's show what's possible when the people lead.

**4**

## Complete Care

We are rightly proud of Saskatchewan's legacy as the home of Medicare, but we can't be satisfied with the status quo. We can build a health system that meets our changing needs and helps to prevent illness in the first place.
